

## Pastoral Team Report

Our work as a pastoral team continues as before. Contacting, visiting and offering support to those people who wish it in confidence.

Care home residents and staff receive monthly holy communion as requested and generally well attended. Jeremy is always available as parish priest to serve families.

Friendship lunches continue monthly, sadly we are diminished in numbers due to frailty and members going into care. We offer some transport but this needs to be limited for logistical reasons. I will be putting a notice in Grayshott today to encourage new members. However we do need to restrict numbers for practical reasons. The price at present is £12.00 for professionally cooked meal and soft drinks and is enjoyed by those people who attend.

We are concerned that some people who are unable to drive anymore find it difficult to get to church regularly.

This is our way of carrying out Gods work in Grayshott.
